## ABSTRACT

This document presents data tables detailing certificates awarded by public and private colleges and universities in Oregon for the academic year 1994-95. The report includes certificates awarded for less than one year, one year to two years, three to four years, and post-baccalaureate and post-master levels. Data are based on the Integrated Postsecondary Education Data System. The document uses the Classification of Instructional Program (CIP) codes. Summary tables of certificates awarded precede the more detailed tables. Summary tables are arranged by institution and by program area (CIP code), followed by tables showing racial/ethnic background in similar formats. Detailed tables are organized in two major sections: certificates awarded by each institution in segment groupings (state system, community colleges, and independent), and certificates awarded by each major program area. Each table is followed by a table showing racial/ethnic breakdown in similar format. (DB)

## INTRODUCTION

Certificates awarded by postsecondary institutions in Oregon are summarized in this report. These data are obtained from a completions survey administered by the U.S. Department of Education's Center for Education Statistics. The completions survey is one of a series of surveys collectively known as the IPEDS Survey (Integrated Postsecondary Education Data System) which replaced the HEGIS survey in 1987.

Data on postsecondary degrees were published annually by this office from 1968-69 to 1989-90. Then there was a gap in publication until the 1993-94 report was completed. This report is the 1994-95 edition. Contact this office if you would like to receive a copy of the *Degrees Awarded* report. Graduates of proprietary schools were formerly reported, but have been excluded recently since the available data are incomplete.

The system for classification of instructional programs used in this report is the same system that is used by the National Center for Education Statistics. This scheme, known as CIP Codes consists of groups of instructional programs termed "program areas" in this report, such as Education; and subcategories we refer to as "specific programs," such as Education Administration, within each of the broad program areas.

In this report, summary tables of certificates awarded precede the more detailed tables. Summary tables are arranged by institution, and by program area (CIP Code), followed by tables showing racial/ethnic background in similar formats. Detailed tables are organized in two major sections: certificates awarded by each institution in segment groupings (1. State System, 2. Community Colleges, and 3. Independent), and certificates awarded by each major program area. Each table is followed by a table showing racial/ethnic breakdown in similar format.

This report summarizes only certificates awarded for less than one year, one to two years, three to four years, postbaccalaureate and postmasters at the degree granting public and non-public two- and four-year colleges and universities.
